- to machine and shape metal and non-metal materials on machinery,
- to use various types of mechanised tools and to choose optimal working conditions,
- to identify failures, to assess the effectiveness of product repair, to determine and implement repair method,
- to work in accordance with approved procedures, to comply with technical rules, technical and technological standards, including hygiene-related and safety and preventative measures,
- to assemble detachable component joints into simpler units and to fit the parts and observe the assembly order,
- to assemble non-detachable component joints into simpler units by welding, soldering, and glueing and to do simple fitting of the parts and observe the assembly order,
- to conduct checks of dimensions and shapes of products and to control the quality of completed work using suitable gauges and measurement devices,
- to construct atypical sheet metal parts without special production equipment and tools,
- to apply the principles of occupational cleanliness and hygiene at the workplace,
- to perform all essential tasks in the relevant field, to competently and rationally resolve simple problematic situations in professional activities.

4. Range of occupations accessible to the holder of the certificate ³

Graduates find work as tinsmiths in engineering and construction companies specialising in production, assembly, and repair of metalwork products.

¹ In the original language. | ² If applicable. This translation is not legally binding. | ³ If applicable.

The Certificate Supplement provides additional information to the certificate and as such it is not legally binding. Its format is based on the Decision No 2018/646 of the European Parliament and of the Council of 18th April on a common framework for the provision of better services in the field of skills and qualifications (Europass) and on repealing Decision No 2241/2004/EC.

For the purposes of a document issued in Slovakia, a certificate encompasses any document as specified in the Decree of the Ministry of Education of the Slovak Republic No. 326/2008 Coll. on the Types and Pertinent Details of Certificates and other Educational Forms, including Methods for their Recording and Archiving.

5. Official basis of the certificate

Body awarding the certificate

Authority providing accreditation / recognition of the certificate

Ministry of Education, Science, Research and Sport of the Slovak Republic
 Stromová 1
 813 30 Bratislava
 Phone: +421 2/59 374 111
www.minedu.sk

Level of the certificate (national or European) ¹

Secondary vocational education
 SKQF/EQF 3
 ISCED 353

Grading scale / Pass requirements

1 – excellent
 2 – praiseworthy
 3 – good
 4 – sufficient
 5 – insufficient

Access to the next level of education / training ¹

Advanced study educational programmes for graduates of the 3-year field of study
 SKQF/EQF 4, ISCED 454

International agreements on the recognition of qualifications ¹

Legal basis

Act No. 245/2008 Coll. on Education and Training (Education Act) and on amendment of certain acts; Act No. 61/2015 Coll. on Vocational Education and Training and on amendment of certain acts; Decree of the Ministry of Education of the Slovak Republic no. 318/2008 Coll. on the completion of studies at secondary schools, as amended.

6. Officially recognised ways of acquiring the certificate

Successful completion of the three-year training program in the given field of study by passing the final examination.

7. Additional information

This Europass Certificate Supplement is valid together with the school leaving certificate issued by the relevant secondary school (the name and address of the school is specified on the certificate). More details about the education and training system are available at www.minedu.sk/data/files/7421.jpg, more details as to the organisation of the educational system are available at www.minedu.sk, and the details of educational programs are available at www.siov.sk and at the website of the specified school.

Entry requirements ¹

- Completion of 9th year of primary school
- Demonstration of required knowledge prerequisites via admission procedure
