

# Europass Mobility Survey to the NEC

Meeting EMPL B2 – EAC B2

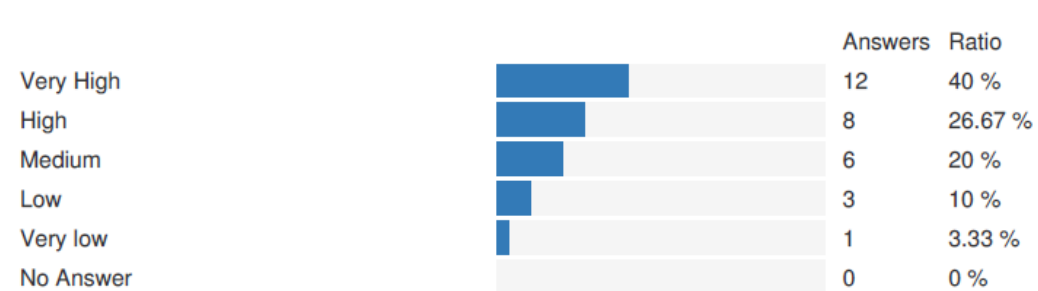

# Survey results

# Overview of NEC survey

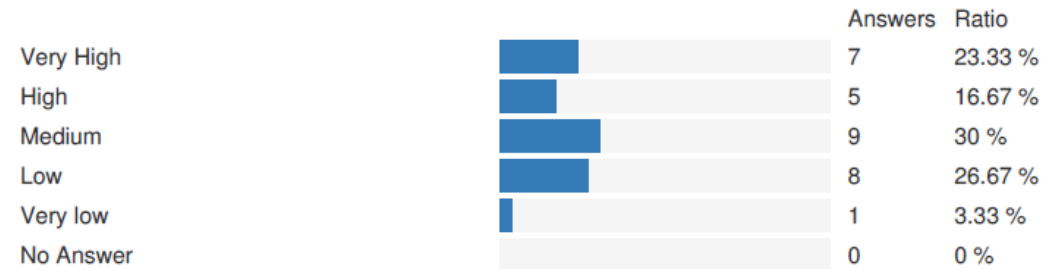

- 18 January - 4 March
- 30 participants from NECs
  - Portugal, Greece, Luxembourg, France, Belgium, Germany, Austria, Ireland, Czechia, Latvia, Spain, Italy, Sweden, Slovak Republic, Slovenia, Hungary, Lithuania, Croatia, Bulgaria, Netherlands, Cyprus, North Macedonia, Iceland, Norway, Finland, Denmark, Poland
  - No answer from: Estonia, Malta, Montenegro, Romania, Serbia, Switzerland and Turkey
- Similar survey sent out to Erasmus+ National Agencies (35 replies)

# Question 1 – To your knowledge, what is the current level of use of Europass Mobility in the context of Erasmus+ in your country?

## VET - learners

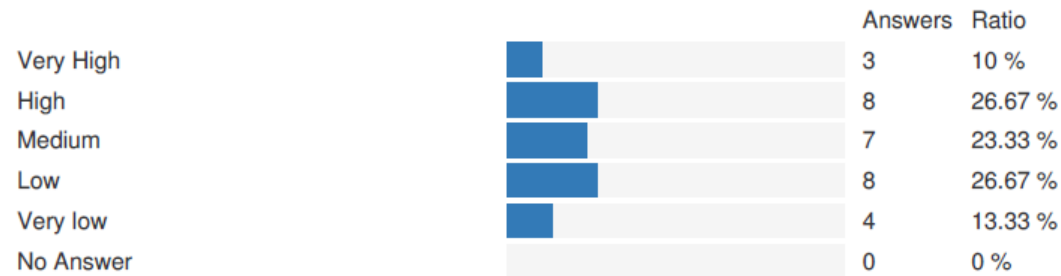

## VET - staff

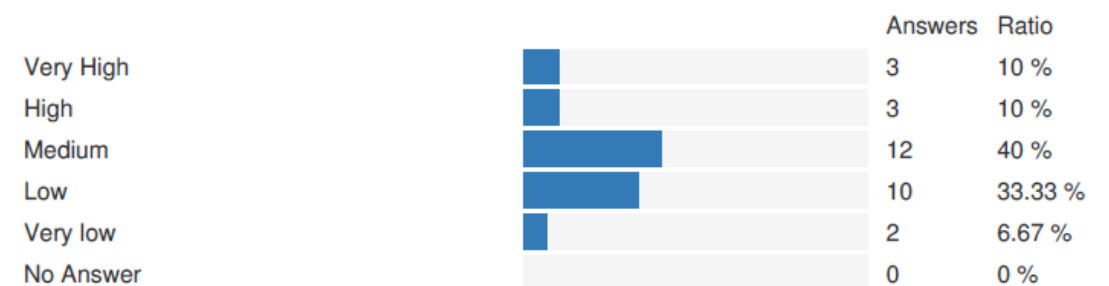

# Question 1 – To your knowledge, what is the current level of use of Europass Mobility in the context of Erasmus+ in your country?

## Adult education - learners

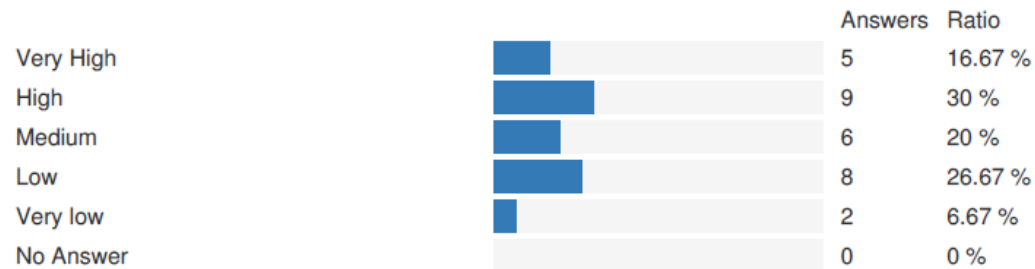

## Adult education - staff

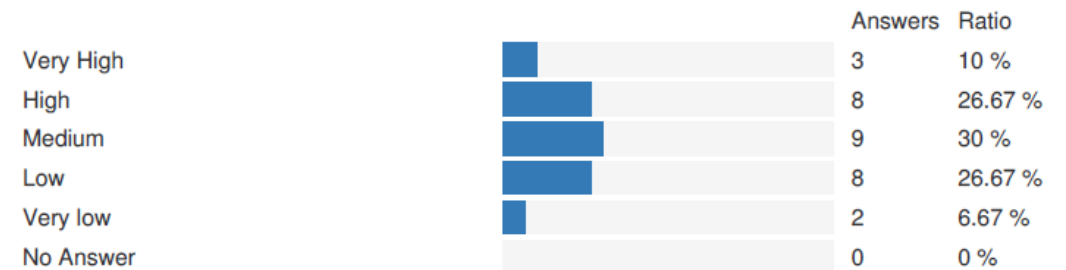

# Question 1 – To your knowledge, what is the current level of use of Europass Mobility in the context of Erasmus+ in your country?

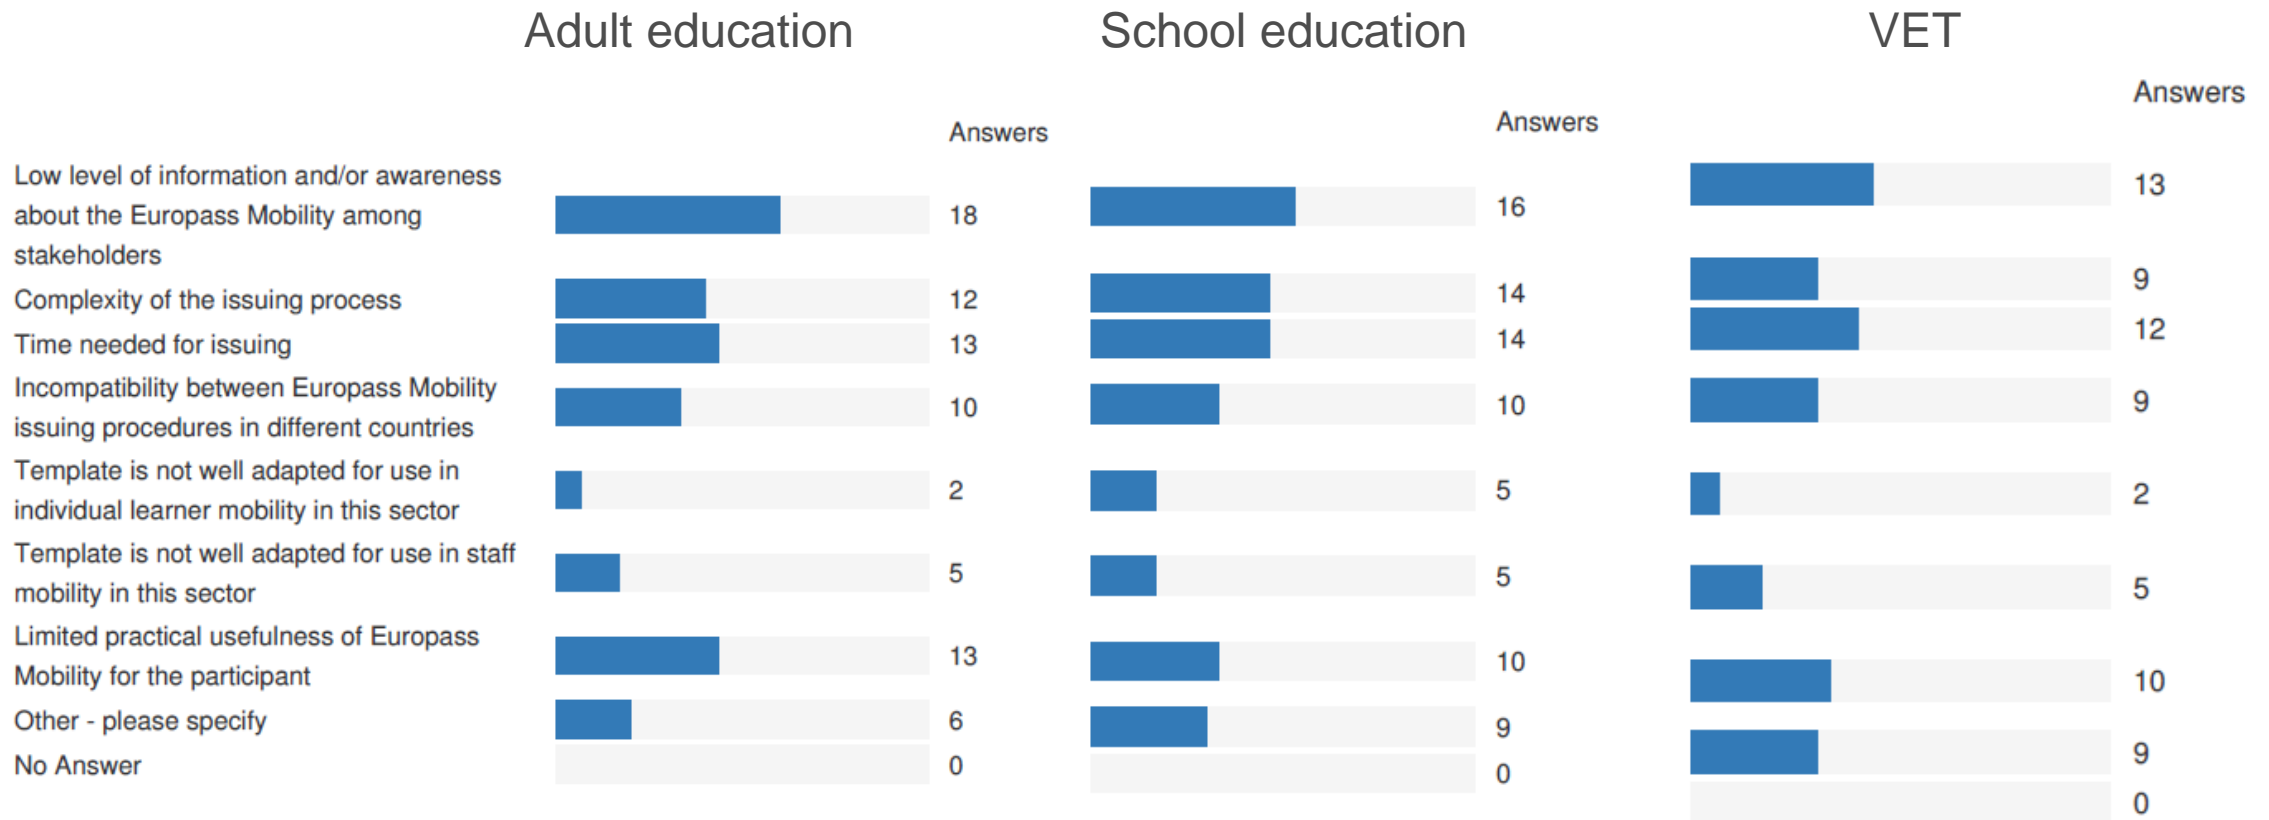

## School education - learners

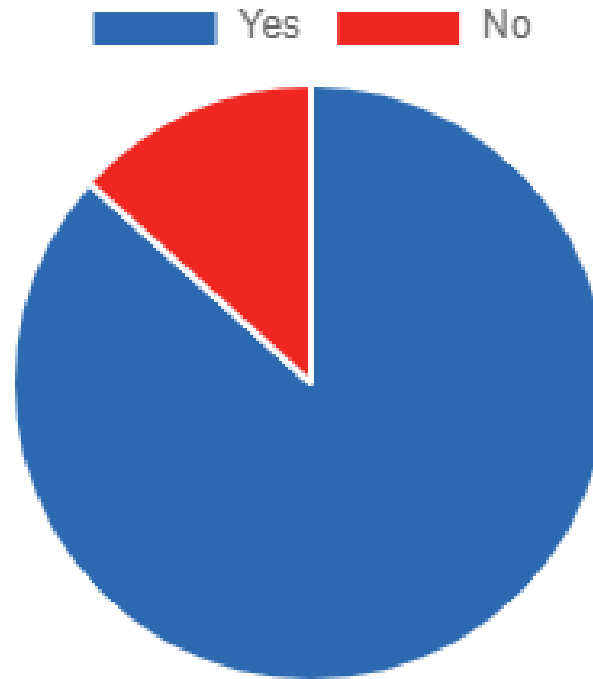

## School education - staff

# Question 2 - What are the main difficulties and challenges that prevent Europass Mobility to be more widely used in the context of Erasmus+ in your country?

# Question 3 – Do you think that Europass Mobility should be more widely used in Erasmus+ context?

YES: 26  
NO: 4

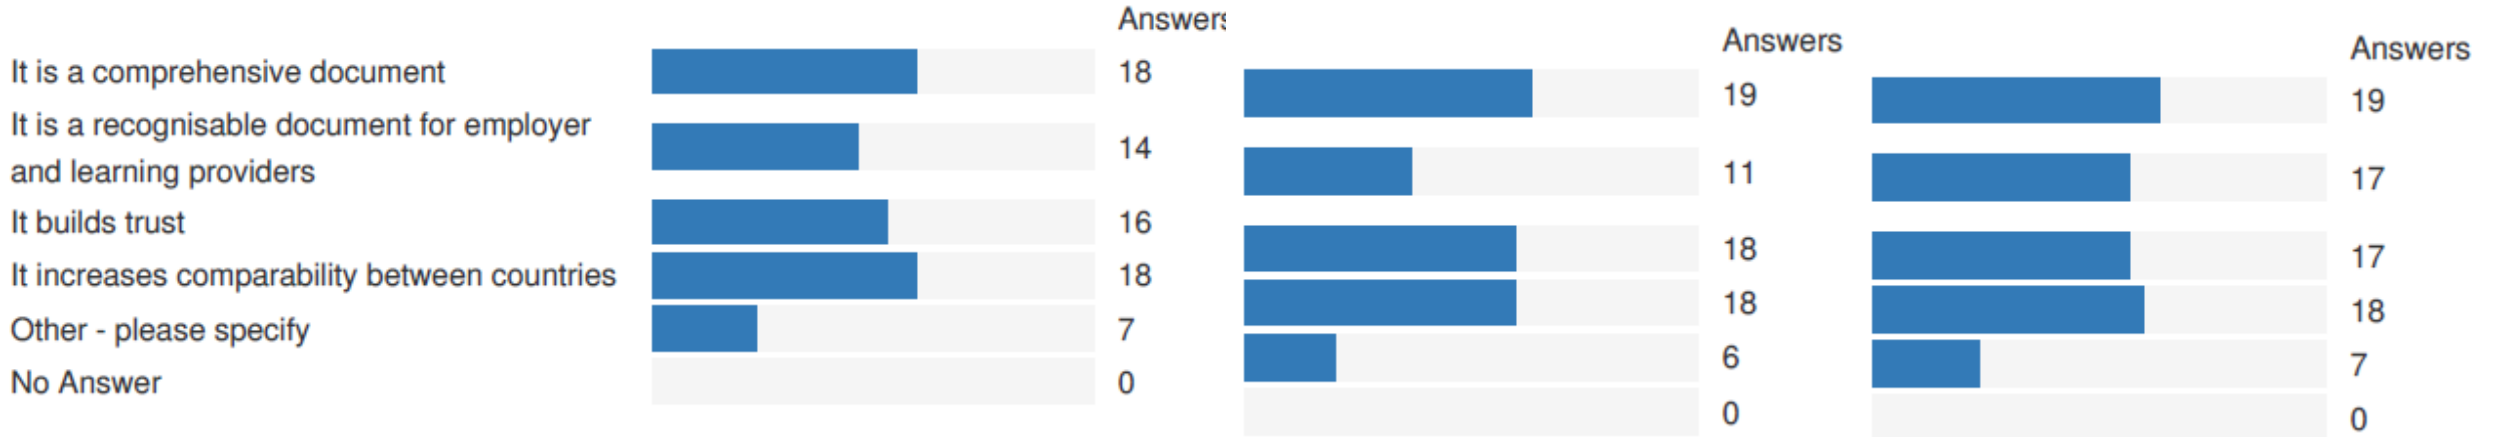

# Question 5 – What would be the main advantages of using Europass Mobility as the main tool for documenting learning outcomes in Erasmus+?

Adult education

School education

VET

## Question 7 - In what ways are you encouraging Erasmus+ beneficiaries and participants to use the Europass Mobility?

- Informing about the advantages of its future use for the CV
- Encourage the use through events, info days, seminars, workshops, project beneficiaries' meeting (Kick-off meeting), mailing, social media
- Development of support tools: online repository (guidelines and tutorial), integrated online tool (FR), communication materials, training of National Agency colleagues, guidance/helpdesk
- Support the organisation of ceremonies where the Europass Mobility is given to the learner
- Using Europass Mobility is highly recommended, especially for learners' mobility, where the use of the Europass Mobility is considered as compulsory
- Lack of knowledge when NAs and NECs are not (in) the same organisation

## Question 8 – How do you currently cooperate with your country's Erasmus+ National Agency (or Agencies)?

No specific cooperation/limited interaction (when the NEC is not in the NA) OR strong cooperation when NEC is the same as the NA

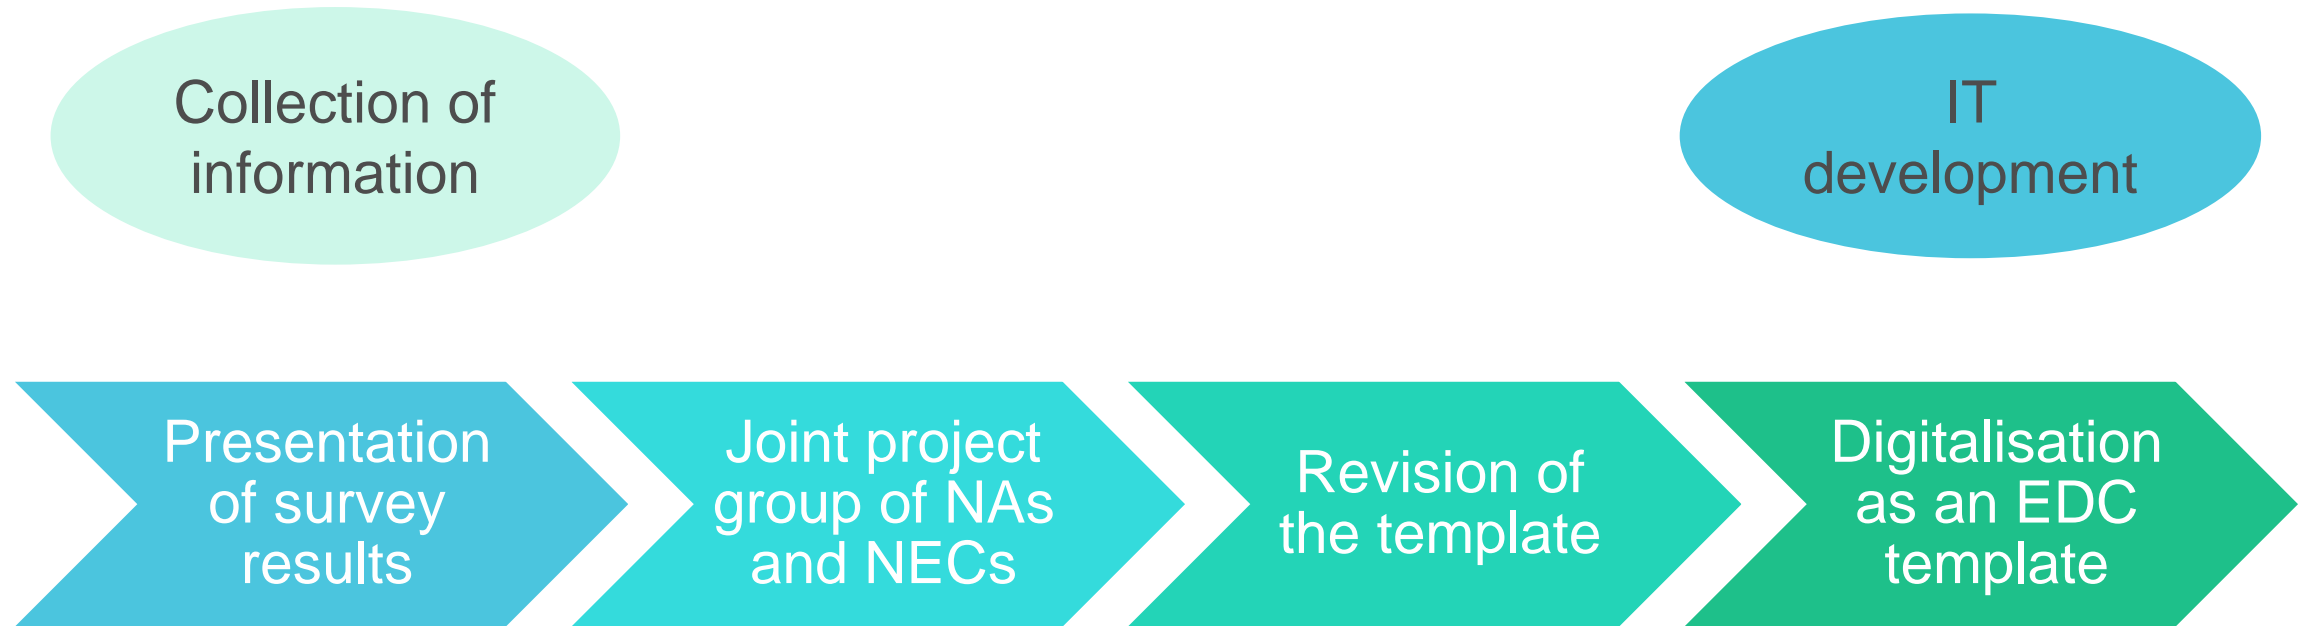

- Provide information or general Europass promotion (social media, events)
- Erasmus+ evaluators value the use of Europass Mobility
- Information sharing (webinars, social media, Erasmus+ kick-off meeting and events, especially for VET)

# Overall conclusions

- Europass Mobility is overall appreciated
- Europass Mobility has a high use in VET in particular (a bit less in school education and adult learning mobility)
- Digitalisation of the Europass Mobility document is a priority
- Better cooperation needed between NECs and NAs where the NEC is not part of the same hosting organisation as the NA
- Simplification and modernisation of the template - Need to revise the mobility template based on needs (and perhaps different user requirements depending on the sectors and target groups: e.g. employer, individual learner – perhaps digitalisation can also offer some diversification)

# Next steps

# Overview of the next steps

# Thank you!
